

B. GETTING STARTED

Before you begin construction of your PolySteel project, you need to be prepared with the proper amount of materials, tools and supplies, and how to handle your PolySteel Forms once they arrive on your job site. In this section we will address:

- B.1. PREPARATION AND PLANNING
- B.2. ESTIMATING BASIC MATERIALS
- B.3. ESTIMATING LABOR
- B.4. HANDLING POLYSTEEL FORMS
- B.5. STORING POLYSTEEL FORMS
- B.6. RECOMMENDED TOOLS AND SUPPLIES
- B.7. RECOMMENDED PRODUCTS AND SERVICES
